

REMARKS

Claims 256-292 are now pending in the application. The Examiner is respectfully requested to reconsider and withdraw the rejections in view of the remarks contained herein.

Claims 256-292 were rejected under the judicially created doctrine of obviousness-type double patenting in view of U.S. Patent No. 6,661,356 as set forth in the Office Action.

While not conceding the propriety of the rejection, Applicant submits that the rejection is improper since a terminal disclaimer was filed at the time of filing of this Application. A copy of the terminal disclaimer (**Exhibit A**) and post card (**Exhibit B**) (which identifies the terminal disclaimer and was stamped received by the USPTO) are being submitted herewith.

Since the double patenting rejection is the sole outstanding rejection, Applicant believes that the case is in condition for allowance.

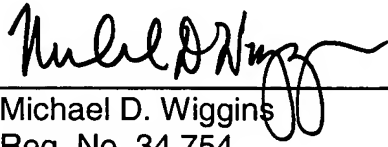

CONCLUSION

It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. Applicant therefore respectfully requests that the Examiner reconsider and withdraw all presently outstanding rejections. It is believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the

Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: 2/10/05
